

TRP® CHARGE AIR COOLERS

Australian made TRP Ultra Seal® Charge Air Coolers eliminate premature failure by introducing a unique flexible silicone grommet joint between the brazed core and manifold.

This technology isolates the core from the manifolds, eliminating stresses and provides leak free operation and extended service life. The tube-to-header joint design is suited

to the harsh Australian conditions and is proven to provide a level of performance and durability far in excess of mainstream brazed aluminium charge air coolers.

TRP Ultra Seal® Charge Air Coolers are covered by a 2 year, unlimited kilometre warranty and are backed by PACCAR and a national network of parts and service professionals.

- ✓ **Australian design and manufactured for Australian conditions**
- ✓ **Unique silicone grommet system provides leak free operation and extended service life**
- ✓ **2 year, unlimited kilometre warranty**

TRUSTED. RELIABLE. PROVEN.

FEATURES & BENEFITS

- ▶ Australian design and manufactured for Australian conditions; peace of mind for reliability on the road.
- ▶ Unique silicone grommet system provides leak free operation and extended service life.
- ▶ Greater vibration and load handling, eliminating premature failures.
- ▶ Cuts vehicle operating costs by significantly reducing down time.
- ▶ Direct replacement of original part.
- ▶ No requirement for additional spacers and brackets.
- ▶ 2 year, unlimited kilometre warranty.
